## About the property

Sleek white living spaces are a backdrop for statement artwork and feature decor. This is a home for connoisseurs of contemporary style.

A handsome period framework upgraded for modern living. Inside, a dual aspect open-plan kitchen and dining room, where Carrera marble accents and stainless-steel undertones create a sense of a chef standard kitchen. Whether it's breakfast perched at the island or breaking bread with loved ones around the table, mealtimes promise good conversation.

Young adults will appreciate the two reception rooms. In the main free-flowing living room, swap the warm radiance of the sun for the amber glow of the fire on cooler days. Sink into the curve of the sofa with your favourite book or host after-dinner coffees with friends. Piano virtuosos can channel their inner-Mozart in the adjacent music room. Downstairs, a cosier skylit lounge captures more intimate moments.

The upper floors are places to unplug and recharge. The second floor is given over to the master bedroom. Built-in storage can house catwalk worthy pieces. Stash the rest in the upstairs loft. The en-suite is all sleek minimalism but from every angle, a free-standing bathtub takes centre stage. Sip a glass of red, reorganise your thoughts and feel tensions slip away. Holistic design at its finest.

Plenty of light: Sash windows, a canopied glass ceiling, skylight—the soft glow of natural light hugs every arc of this home.

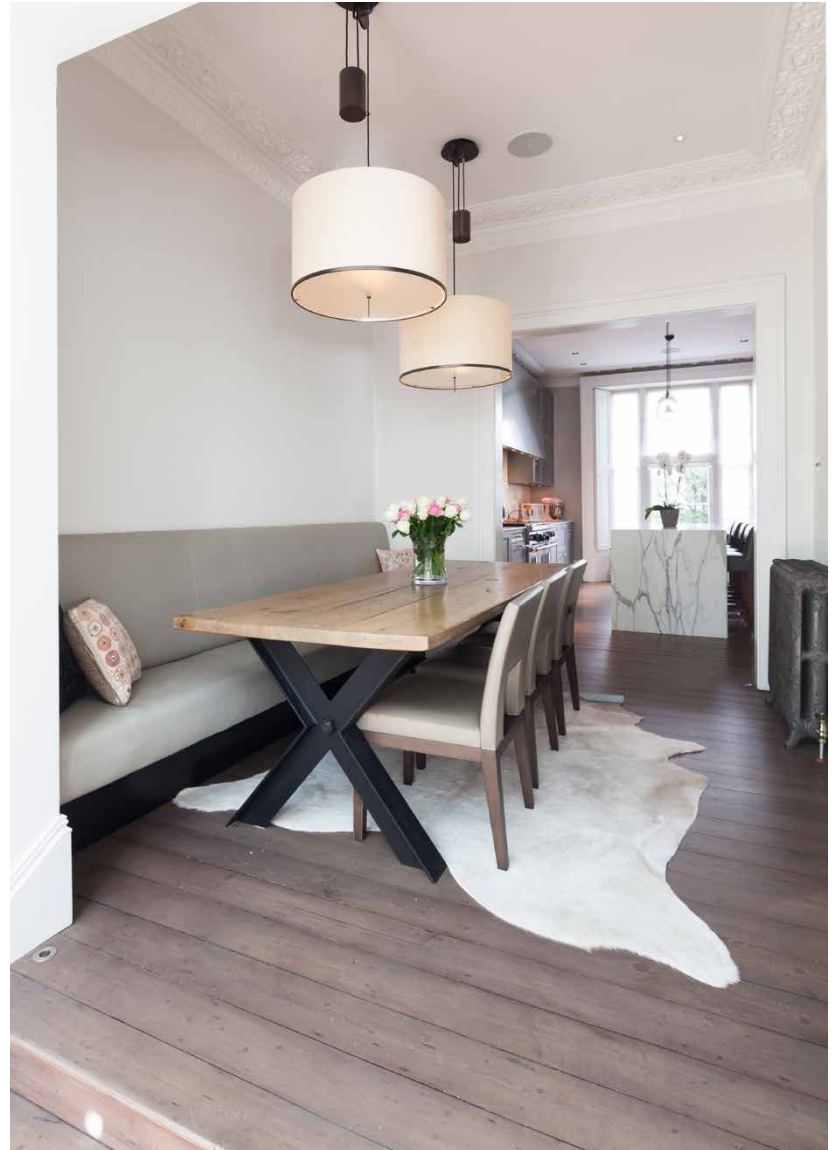

A well-manicured garden: A landscape for an early morning coffee as the sun crests the skyline, an afternoon refresher in the midday heat or an evening tippie under the stars.

Multiple living spaces: One a pocket of privacy in the social heart of the home, the other a social floor. Hereford Road will please introverts, extroverts and everyone in between.

A room to inspire: Whether you're trying to recall the smoothness of polished ivory or your fingers dance effortlessly across the keys, add a soundtrack to your day-to-day activities in the piano room.

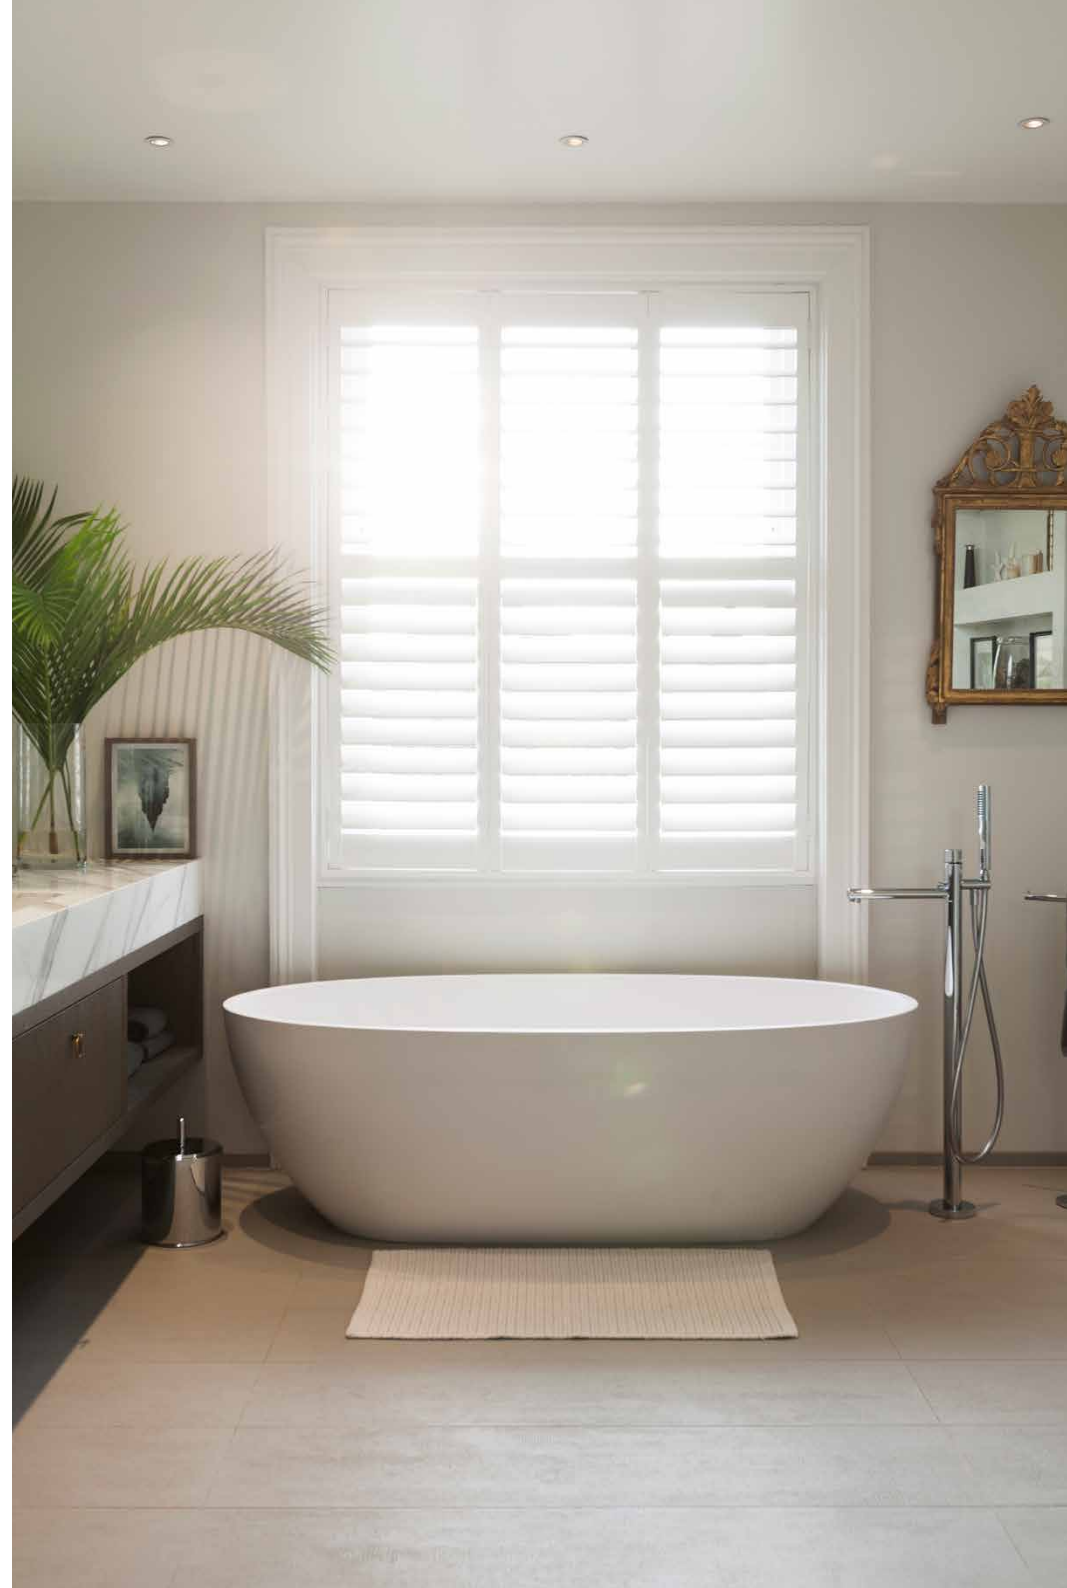

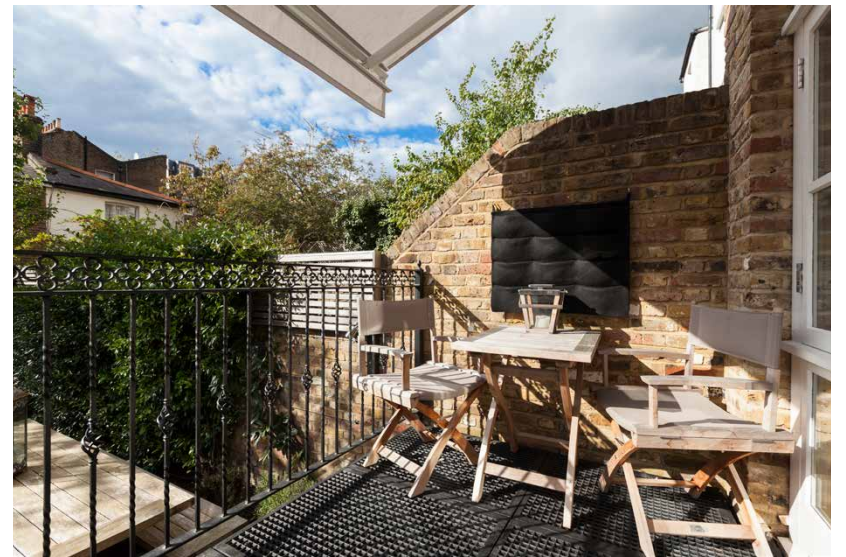

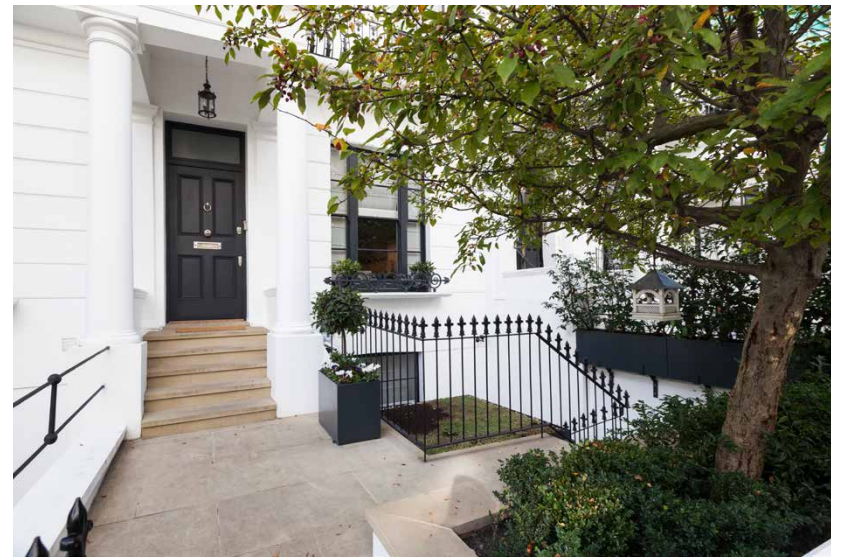

Room to unwind, space to be social – family life plays out across five floors.

A dedicated master suite: Spread across the second floor, the master suite is where good days start and end. Wall-to-wall storage will make morning routines a treat. The bathroom says: enjoy some me-time.
